15. PROPOSED CONTRIBUTIONS TO THE GROWTH AND DEVELOPMENT OF THE INSTITUTE IF ELECTED INTO COUNCIL

The effective use and recognition of chartered accountants will be my focus. To achieve this objective, I will take steps to ensure that our Institute is not only recognized as a global incubator for agile and market-ready chartered accountants but also as a source for leaders of critical sectors in Nigeria. First, on agile and market-ready chartered accountants, I will drive the development of a program that will seamlessly connect the completion of the Institute's examinations to the work experience of the accountants. This will bring into Council's focus the current state of new members and facilitate their subsequent training and transition to more meaningful endeavors. Second, on the leadership of critical sectors, I will energize efforts at showcasing the abilities of the chartered accountant. The public, when informed of and excited about the value addition by the chartered accountant to the society, will clamor for the change that will ultimately result in the recognition of and proper placement of chartered accountants in leadership positions in both public and private sectors. These two initiatives will have a direct and positive impact on the attractiveness and competitiveness of the Institute - two ingredients that are essential to its growth and development!

I have read and understood the 2022 Call for Nominations, Electoral Rules and Regulations contained therein and agree to abide by all the Election rules and regulations.
